

## **Differences Between iEARN Students and Other Students**

**Most students (85.5%) see themselves as different from other Non-iEARN students**

### **Differences:**

- **Access to more knowledge in many different areas**
- **Improving English language**
- **Ability to work in groups**
- **More self-confidence,**
- **Better social skills**
- **Effective computer/IT skills**
- **Having a positive role in solving the problems of my society**
- **Having more effective personalities**
- **Knowing how to use time effectively for my benefit as well as benefit for others**
- **“We have the ability to present our points of view frankly and are able to use computer and internet facilities for a good cause. They may have the chance to concentrate more in their studies as they have no other commitments.”**
