

Differences Between iEARN Teachers and Other Teachers

Most teachers (93.3%) see themselves as different from other Non-iEARN teachers

Differences:

- **We think about tomorrow, they only think about the moment**
- **iEARN teachers have a high sense of responsibility towards their students. They are trainers, graduate students. In short, they are the cream of the ministry**
- **Patience and the ability to deal with students positive**
- **Respect of the other and better communication skills**
- **Flexibility and cultural awareness**
- **Leadership and management skills**
- **Practical experience in international activities**
- **Conference and networking skills**
- **Better vision of education**
- **Using IT skills and audio-visual aids more effectively**
- **Team spirit**
- **Knowing different cultures helps in change of behavior**
- **More open to extra curricular activities and international events**
- **Contributing to solving the community problems**
- **Relating the school subjects to values and civic concepts**
- **Applying project-based learning**
- **“I see myself as a modern model of a teacher with international ability. Thanks to iEARN.”**
- **Research skills**
